

	Event or Activity	Prevention of infection from Coronavirus	Date	1 st Feb 2022
	Location	All BHPC Locations	OS Map Grid Reference	N/A

	Hazard (What is the injury and how can the injury occur)	Risk controls already in place (What is currently being done to prevent the injury occurring)	People involved or exposed	Further Action Required (What more needs to be done, who is responsible and when)
1	Infection from virus transferred	<ul style="list-style-type: none"> ♦ As events will be outdoors masks are not required, but members can choose to wear one if they wish ♦ Attendees are asked to use hand sanitiser ♦ Prior to attending any event, we request that attendees undertake a LFT, if this is positive they should not attend ♦ We request that all payments are made in advance of any event ♦ If helpers are required to provide any refreshments they are asked to ensure they have no symptoms and they follow good hygiene practices ♦ Use the minimum amount of shared equipment. 	<ul style="list-style-type: none"> ♦ PC Members ♦ Coaches ♦ Parents ♦ PC Officials 	<p>Pre rally briefing messages sent to members giving details of controls and actions to take.</p> <p>Payment in advance by BACS.</p> <p>All parents reminded in pre rally briefing letter that they must not attend if they or their child is feeling unwell or have Covid symptoms.</p> <p>Provide hand sanitiser for all helpers</p>
2	Infection from virus transferred by contact between people when administering first aid.	<ul style="list-style-type: none"> ♦ Normal first aid hygiene and contamination control practices should be followed. ♦ A mask may be worn if there is a risk of contact from droplets being coughed from an individual being treated. ♦ Clean your hands thoroughly with soap and water or alcohol sanitiser before putting on and after taking off PPE. ♦ It is recommended to avoid mouth to mouth breaths to a non-breathing adult casualty, only administer chest compressions. ♦ In a child chest only compressions are unlikely to be successful, hence mouth to mouth breathing may be required a face shield should be worn if available. ♦ Updated first aid guidelines to be followed when providing resuscitation to a casualty. ♦ Should you have given mouth-to-mouth ventilation there are no additional actions to be taken other than to monitor yourself for symptoms of possible COVID-19 over the following 5 days. <p><i>(It should be noted that Coronavirus is a mild disease in most people, but a casualty who is not breathing or their heart has stopped is definitely going to die, hence the risk should be balanced)</i></p>	<ul style="list-style-type: none"> ♦ PC Members ♦ Coaches ♦ Parents ♦ PC Officials 	<p>Should an ambulance be called, first aider should pass on all information if there are any concerns about CV-19</p>
