Answer: _____

Answer: _____

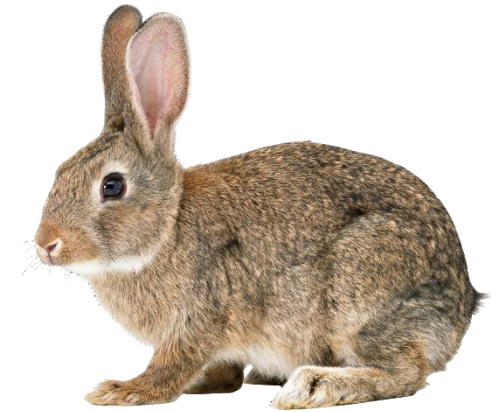

Answer: _____

Answer: _____

Answer: _____

Answer: _____

Task 2

Can you name each of the animals below?

Answer: _____

Answer: _____

Answer: _____

Answer: _____

Answer: _____

Task 3

Read each of the descriptions below and identify the animal being described.

1. This animal lives near water and is very good at swimming. This animal has webbed feet, dense fur for warmth, and can close its ears and nose when underwater. This animal likes eating fish.

Answer:

2. This animal has long ears. This animal is a herbivore and loves eating grass. The young are known as kits or kittens.

Answer:

3. This animal is very quick and is good at climbing trees. This animal can be either red or grey in colour. The red ones are native to the UK, the grey ones arrived from North America in the 19th century.

Answer:

4. This animal is a carnivore and tends to live around farms with hedgerow habitats. Like the stoat this animal is light brown with a pale underside, but unlike the stoat this animal does not have a black tip on its tail.

Answer:

Task 4

Match each type of deer and description to the correct picture/s.

Red Deer

The summer coat is reddish brown to brown.
The winter coat is brown to grey.

Roe Deer

The summer coat is reddish brown and turns to either grey, pale brown, or (occasionally) black in winter.

Fallow Deer

Small and elegant.
The coat is usually a tan/fawn colour with white spotting. The winter coat becomes long and grey with indistinct spots.
