The swimming pool is only 12metres long so is ideal for those who don't yet swim full lengths of a large pool. Buoyancy aids are permitted for classes 1-4 and by request for other classes

Please ensure only clean footwear is worn into the sports hall for the shooting. There will be space in the dining hall to gather between phases. The changing rooms are not adjacent to the swimming pool so a gazebo will be available by the swimming pool. Please bring flip flops so your child can walk back easily from the swimming pool to the changing room. Please bring packed lunches.

Teams of 3 or 4 competitors from any class, with the best 3 scores to count. We will put individuals not in a branch team into a mixed team where possible. There will be individual and team rosettes to 6th place and special rosettes for all unplaced competitors.

Times will be available on the North Shropshire website by Thursday 23th May. Any queries after they are published, please contact Rachel Montgomery (07415 494413) rfmontgomery@btinternet.com or Ann Gregory (07845920512)

Closing date Monday 13th May 2024.

N.B. The school premises must be respected by The Pony Club - absolutely NO dogs, litter, muddy shoes etc

RULES

1. The competition will be run in accordance with the 2024 Tetrathlon rule book.
2. All competitors to be members of the Pony Club
3. Anyone shooting must wear either protective or prescription eye wear. Guns may only be carried by those over 18 years old or with the direct supervision of someone over 21 years old. Guns must not be left unattended and must not be removed from their boxes except on the instructions of the steward or for gun check. It is a requirement to wear long trousers and shoes that cover the whole foot but do not come over the ankle bone for the shooting phase. Safety Flags must be inserted in all pistols at all times except when the safety flag removal is authorised by the Firing Point Steward. To demonstrate that air guns are unloaded, safety flags (safety lines) must be long enough to extend through the full length of the barrel. Safety flags must be inserted:
 - a) at any time, the pistol is unboxed. (Preferably a safety flag will be in place when pistol is removed from the box)
 - b) when anyone is forward of the firing point. (e.g., changing targets)
 - c) upon completion of firing detail. (The pistol is considered safe and ready to be boxed with action open, safety flag in place (to confirm no pellet in the barrel) and confirmed as safe to box by the Firing Point Steward)
 - d) anytime when instructed to by the Firing Point Steward.
