

## Flu Vaccination Checker

|                             | Date |  |
|-----------------------------|------|--|
| 1 <sup>st</sup> Vaccination |      |  |
| 2 <sup>nd</sup> Vaccination |      | 2 <sup>nd</sup> Vaccination date must fall between 21 and 92 days of the 1 <sup>st</sup> Vaccination   |
| 3 <sup>rd</sup> Vaccination |      | 3 <sup>rd</sup> Vaccination date must fall between 150 and 215 days of the 2 <sup>nd</sup> Vaccination |

### Instructions

Enter the first three dates of the flu vaccinations in the date column

If 2<sup>nd</sup> vaccination date does not fall between 21 and 92 days of the 1<sup>st</sup> vaccination then the whole vaccination programme must be restarted

If 3<sup>rd</sup> vaccination date does not fall between 150 and 215 days of the 2<sup>nd</sup> vaccination then again the whole vaccination programme must be restarted

Annual boosters must have been made on or before the anniversary of the last vaccination

The latest vaccination should not be within 7 days of start of camp

In the event of restarting the vaccination programme you must have had the first two vaccinations before the start of camp, the second of which must be at least 7 days beforehand

All the above requirements must be met otherwise you will not be able to attend camp – there are no exceptions
