

Millie
Brilliant Lead Rein Pony, 11.2h.

Millie is every child's dream first pony. 15 years old grey mare.

We have had her for 3 years where she has been ridden by both of my children and their friends. She has done it all from pony club rally's, camp, fun rides and hunting. She is super easy to ride for a first rider and won't go fast. She sadly doesn't really go off the leading rein which is the only reason why we are selling her.

Millie is good tempered, loves to be groomed, easy to lead, shoe (we put front shoes on in the summer), load etc. She lives outside all year.

She has been nothing but wonderful for us and we will be very sad to see her go.

More photos and videos on request.
