For Sale 14.2hh cob for sale - SPLASH, age 13.

Our children and sharers have now outgrown him. I'm looking for a fabulous home and a perfect family for our much-loved boy, Splash.

He has been an incredible all-rounder for us for a good six years. He's grown up with our kids, hunted regularly with CLCH, taken both of our children through Pony Club and their school equestrian team, happily jumps around 70cm, and gives everything a go. 14.2hh and 13 years old.

He's happy living out 24/7, is good to clip and shoe, and has been a much-loved member of our family. Happily hacks out alone, friendly with other horses and loves a close companion.

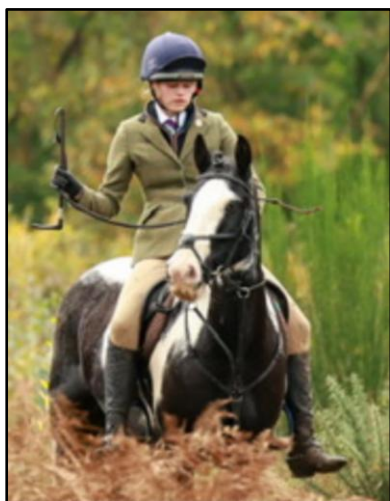

He has a cheeky cob personality and certainly keeps you smiling! He can be strong to handle on the ground, so would suit a confident handler; he thrives on a good exercise regime - in the saddle he's a genuine, willing partner who loves having a job.

This is not a sale we'll take lightly. He owes us nothing, and he deserves the very best next chapter. He will only leave us for a five-star, long-term home where he'll continue to be loved and enjoyed as much as he has been with us.

We'll miss him enormously, so please, no time wasters. If you think you could offer him the home he deserves, I'd love to hear from you.

£8250.00 🥕 but worth every penny to the right home.

LOAN PONY WANTED FOR A LOVING HOME

Our family is looking for a very special pony to loan for our daughter, Sofia. She is a kind, caring and experienced young rider who absolutely adores ponies, and we're hoping to find a wonderful partnership with an owner who wants their pony to be loved and cared for as one of the family.

About Sofia:

An experienced rider who confidently rides in walk, trot and canter, and is currently jumping up to 65cm. She is keen to continue developing her riding while building a genuine bond with the right pony.

We're looking for a pony that is:

- Between 13hh and 14.2hh
- Enjoys schooling, hacking and jumping
- Kind, genuine and safe
- Good to catch, groom, load and for the farrier

Ideally based within 15 minutes of Grayshott or Farnham, although we'd also be delighted to hear from owners who would be happy for their pony to relocate to a lovely new yard.

What we can offer:

- A knowledgeable, loving family who will treat your pony as one of our own.
- A safe, experienced and caring home where your pony's welfare will always come first.
- Plenty of love, attention, regular exercise and the very best care.
- We are more than happy to continue schooling with your pony's current trainer or instructor, as we appreciate the importance of consistency and would love to maintain the pony's education and routine.
- Honest communication, with regular updates, photos and videos if you'd like to stay involved.

If you think your pony might be suitable, or you know someone who has one available for loan, we'd love to hear from you. Please send me a message with a few details, photos or videos.

Loan Pony Sought

We are looking for a first ridden, 12.0hh-13.0hh, super safe pony on long-term loan (or LWVTB), to move to our yard in Frensham. The pony would be fussed and ridden by two girls, 5 and 8, and looked after by a very experienced mum who has her own horse.

We do some Pony Club rallies and the odd show (including 30cm jumping and Mounted Games) but are quite a chilled home, with more focus on school, 'pony pickups' and Pond Cafe trips - and so would possibly suit a Pony Club pony winding their way down towards retirement in a few years time.

The children are desperate for a pony they can cuddle and groom and so we are keen to find a pony that doesn't bite or kick.

Wanted

COULD THIS BE YOUR PONY'S LAST SUMMER BEFORE THEY'RE OUTGROWN?

If you're beginning to think your child's much-loved pony may soon be ready for their next chapter, we'd love to have a chat.

We know how incredibly hard it is to let a special pony go, and we'd love to help make that next chapter feel every bit as exciting and secure as the first.

We're a horse-loving family looking for that very special pony who can grow alongside our three horsey children (aged 8, 6 and 4), while also being happy for a lightweight 5'4" adult to keep them fit, educated and loved.

We're looking for:

- Long term loan or purchase.
- A genuine first ridden pony (rather than a lead rein, unpredictable or "kick-along").
- A kind, confidence-giving character who helps children learn, develop and truly enjoy their riding. Perfection not essential, we can put in the training, but the bones need to be there.
- Safe, sensible and forgiving, while still being fun and capable.
- A pony that loves to jump—show jumping and cross-country are a huge part of our family's riding, so confidence and enthusiasm over fences would be ideal.
- Ideally maximum 15 years old, as we're hoping for many happy years together.
- Approximately 11.2hh–13hh, although the right pony matters far more than the tape measure.

What we can offer . . .

A genuine forever home.

Your pony would become part of our family, not simply a child's pony. They would enjoy a five-star life with experienced, knowledgeable care, excellent veterinary support, quality nutrition, turnout, enrichment and endless love. As an Equine Facilitated Psychotherapist, horse welfare, emotional wellbeing and partnership are at the heart of everything I do.

Our three children all have wonderfully different personalities and interests, meaning your pony can look forward to a rich, varied and stimulating life. From Pony Club rallies, camps, hacking, beach rides, fun rides, cross-country and show jumping, to endless grooming sessions, picnics, cuddles and adventures, they'll always have something to look forward to.

Most importantly, your pony will always have purpose. As each child grows, another little rider will be waiting to adore them, allowing them to remain a cherished member of the family for many years before eventually retiring with us when the time comes. We are looking for a forever pony, not one to sell on.

We're also very happy to take your pony on in October and see them through the winter months, so they can enjoy another wonderful summer next year with their new little riders. It would be great to explore options over summer, so everyone feels ready come autumn.

Budget for Purchase:

Our ideal budget is up to £5,000, although there is flexibility for the right pony—particularly one with experience in competing, a great education, or one that comes with a well-loved wardrobe of tack, rugs and equipment. If your pony meets all the above but not budget, please do get in touch.

We're also not put off by health considerations. We've previously cared for ponies with complex medical needs and understand the commitment involved. Experience has taught us that honesty is everything, so temperament, suitability and transparent disclosure are far more important to us than finding the "perfect" pony on paper.

Excellent references are available from our vet, instructors and previous horse owners if required.

We're not looking for any pony—we're looking for the right pony, and one who will never have to wonder where home is again.

If you think your pony could be the missing member of our family, we'd genuinely love to hear their story. Please feel free to send us a message for a friendly, no-pressure chat.
